

TEST ACCESSIBILITÉ - AXE DEVTOOLS

Analyse site non optimisé :

The screenshot shows the Axe DevTools interface for an unoptimized website. The top bar displays the DevTools logo, version 4.3.1, and upgrade/sign-in links. The URL is <https://paulinecvl.github.io/lachouetteagence/>. The main summary section shows a large number of issues: **57** TOTAL ISSUES, with **16** NEEDS REVIEW and **0** GUIDED ISSUES. Below this, detailed issue counts are listed: Critical (0), Serious (33), Moderate (8), and Minor (0). A "Best Practices: ON" button is present. The "ALL ISSUES: 57" section lists three items: "Les éléments doivent avoir un contraste de couleurs suffisant" (44), "L'élément <html> doit avoir une valeur valide pour l'attribut lang" (1), and "Les liens doivent avoir un texte perceptible" (4). At the bottom, there's a "highlight" button and a "more details" dropdown. The footer shows "Impact: Sérieux", "Found on: 13/09/2021 at 4:48 PM", "Found: Automatically", and "Issue Tags: cat.color, wcag2aa, wcag143".

Analyse site optimisé :

The screenshot shows the Axe DevTools interface for an optimized website. The top bar displays the DevTools logo, version 4.3.3, and upgrade/sign-in links. The URL is https://paulinecvl.github.io/PaulineChevrollier_4_09092021/index.html. The main summary section shows a large number of issues: **17** TOTAL ISSUES, with **17** NEEDS REVIEW and **0** GUIDED ISSUES. Below this, detailed issue counts are listed: Critical (0), Serious (0), Moderate (0), and Minor (0). A "Best Practices: ON" button is present. The "ALL ISSUES: 17" section lists one item: "Elements must have sufficient color contrast" (17). At the bottom, there's a "highlight" button and a "more details" dropdown. The footer shows "Impact: inconnu", "Found on: 20/09/2021 at 2:16 PM", "Found: Automatically", and "Issue Tags: cat.color, wcag2aa, wcag143".

Analyseur de Contraste des Couleurs :

The screenshot shows the 'Color Contrast Analyzer' tool interface. At the top, 'Couleur de Premier plan' (Foreground color) is set to #FF9360. Below it, 'Couleur d'Arrière plan' (Background color) is set to #212121. A color palette and various tools are available above the color input fields. Below these, there are three tabs: RGB, HSL (selected), and HSV. Under the HSL tab, sliders show values: Teinte (Hue) at 0, Saturation at 0, and Lumière (Luminance) at 13. An example section shows the text 'exemple de contraste texte' on a black background with a bar chart icon. The 'Résultats WCAG 2.1' section indicates a 'Ratio de contraste' (Contrast ratio) of 7,4:1. It lists three items: 1.4.3 Contraste (Minimum) (AA) (both Conforme checked), 1.4.6 Contraste (Augmenté) (AAA) (both Conforme checked), and 1.4.11 Contrastes des éléments graphiques (AA) (Conforme checked).

Couleur de Premier plan

HEX #FF9360

Couleur d'Arrière plan

HEX #212121

RGB HSL HSV

Teinte 0
Saturation 0
Lumière 13

▼ Exemple

exemple de contraste texte

Résultats WCAG 2.1

Ratio de contraste 7,4:1

► 1.4.3 Contraste (Minimum) (AA)

Conforme (texte normal) Conforme (grand texte)

► 1.4.6 Contraste (Augmenté) (AAA)

Conforme (texte normal) Conforme (grand texte)

► 1.4.11 Contrastes des éléments graphiques (AA)

Conforme (composants UI et objets graphiques)

La seule erreur qu'il reste sur aXe DevTools concerne le contraste de couleur, or selon l'analyseur de contraste des couleurs et selon l'analyse WAVE, le contraste est suffisant.
